**Simon
says:**_____

Hi Kerry and listeners. A big explosion just occurred in the Kennedy space center. Simon was notified about it 4 minutes after it happened. It is not nuclear. Here's a photograph of it. What I do when I get news of it, I put it around to all my Connecting Consciousness coordinators in Europe and America. It was not clear if it was a deliberate explosion, an accident or a "false flag"....

I want your listeners to please understand that this has been a planned operation ... a build up...thousands of troops and hundreds of tanks up towards the old Russian border and in key locations in towns.

The past two wars started in Germany...when a banking system is on the verge of collapse; the elite, Mr. Rothschild, will seek to have a war to re-invigorate the banking system; reinvigorate the economy and start all over again.

We have 2 aspects of this we have not had before

The Satanic arm of the Illuminati are quite happy for Jacob Rothschild and his gang to engineer a situation that causes a collapse of some sort. But, unlike the Rothschilds that want to just step back and then take a profit from it; this Satanic group wants a complete war. They're not interested in profit. What they are interested in is reducing the population and bringing the western economies to an absolute turmoil.

We have not seen that before because the 1st and 2nd world wars were controlled.

This situation is not controlled. One of the key things is the Russian President Putin, who cannot be manipulated by some of these very bad people in the west. What was supposed to happen is that Russia was going to react to the American military build-up and give a reason for the United States to launch some form of preemptive strike. Mr. Putin has not done that. That's made it difficult.

Now, let's look at Angela Merkel. If I was her and really cared about my country and someone came to me and said, 'you are finished economically so what we are going to do is destroy your country; but don't worry – it is for the greater good. ' I don't think I would be very happy either. What Merkel did is basically sent a message to the negative Illuminati saying, 'we're ready for the worst'. After she announced that, she increased the warning for the people from 10 days of water and food to 14 days. For the last two years; I have always said you need three weeks worth of food and water. She said, 'we will bring in a form of conscription, we will increase our army. We will have our petrol, food and water supplies at major dumps all over Germany, which they are doing now. We will make our citizens self-sufficient and we will fight.

That was not expected. They thought that Angela Merkel would just roll over and do what they wanted. That's good for Germany, but it's very bad for my country, Great Britain. (I will explain that in a moment). We also had another country known as Czechoslovakia, but

really it's called the Czech Republic –they followed suit immediately. But, something that has not been reported is the president of Czech. Had a private conversation with his prime minister and asked him, 'was it feasible to give every citizen a gun?' That question was definitely asked and I haven't gotten an answer back. That's how serious it is. And we have the Finish government who shares a border with Russia, saying the same thing –food and water supplies for ten days. And, then we had a general in the Norwegian army suggesting that all Norwegians should be armed.

So, what they think is going to happen is going to be war in that area. I DON'T BELIEVE THERE IS. I think there could have been, if we had anybody other than President Putin.

WHAT WE HAVE GOT IS A HUGE CRASH COMING AND I AM GOING TO NAME THE BANK. DEUTSCHE BANK WILL BE THE FIRST TO GO. Then, it's either going to be CITY BANK IN THE UNITED STATES OF AMERICA or BARCLAY'S BANK IN GREAT BRITAIN. WHEN THOSE 3 BANKS GO, THERE WILL BE AN ECONOMIC COLLAPSE IN THE WESTERN WORLD, AND THERE WILL BE NO FOOD AND WATER FOR A PERIOD OF ABOUT THREE WEEKS.

I think these major countries bordering Russia are not so concerned about a war. They are more concerned about a deliberate attempt to bring the economy down, and their countries being very weak to protect that.

The other thing I want to say, is for the last 6 weeks; there have been tanks moving through Romania. American tanks have been put down in places where the media can't find them, and made their way into Romania and other multiple positions.

SO, WHY IS THIS BAD FOR MY COUNTRY, THE UK AND AMERICA?

Because, no matter what the media says, private polling in the United States of America shows Mr. Trump with 60% of the vote. PRIVATELY MR. TRUMP IS GOING TO WIN THE ELECTION. You know that in the U.S., you have some very outdated machines that count the votes;

deliberately so. IT'S POSSIBLE TO ALTER UPWARDS OF ONE MILLION VOTES, but the majority that Mr. Trump would get is so great, that those counts would not be changed by the altering of those machines. He would still win.

So, there is a real chance that President Obama WILL SEEK TO POSTPONE THE PRESIDENTIAL ELECTION, and you can't do that unless YOU HAVE A NATIONAL EMERGENCY. When the two twin towers came down; they didn't talk about martial law. They were talking about bombing another country. But if there is another tower incident that happens, the first thing they will do now is MARTIAL LAW TO HOLD OFF THE PRESIDENTIAL ELECTION.

There are two power factions in America that are key at the moment. One is the politicians at capitol hill that are working through Hillary Clinton, and the other is part of the military who are part of the economic industrial complex that are supporting Donald Trump. IF DONALD TRUMP BECOMES PRESIDENT; HE WILL WIPE AWAY CAPITOL HILL AND THE SYSTEM THAT HAS BEEN THERE FOR SUCH A LONG TIME. SO, THE POLITICIANS IN CAPITOL HILL WANT TO STOP DONALD TRUMP AT ANY PRICE.

I DON'T KNOW HOW MANY OF YOUR VIEWERS HAVE SEEN THE MAN WITH THE HYPODERMIC NEEDLE NEXT TO HILLARY CLINTON, TRYING TO KEEP HER AWAKE AND ON HER FEET. She does most of her campaigning from inside. She can very rarely go out. AND SOME INFORMATION THAT PERHAPS NO ONE ELSE HAS COME FORWARD WITH. HILLARY CLINTON HAS BEEN OFFERED A CLONE DOUBLE; NOT A BODY DOUBLE – A CLONE DOUBLE. SHE HAS DECLINED THAT BECAUSE SHE KNOWS IF SHE ALLOWS A CLONE IN, THEY WILL TERMINATE HER BODY BECAUSE THEY WON'T NEED HER ANY MORE. SHE'S TRAPPED and I feel very sorry for her actually. She's fighting an election she doesn't want. She's completely manipulated and this could well be THE LAST FREE ELECTION YOU HAVE IN THE STATES FOR QUITE SOME TIME.

That's my news, but I want to finish it by saying, THIS IS NOT THE END OF THE WORLD. THIS IS NOT ABOUT CATAclysm AND THAT

WE ARE ALL DOOMED.

THIS IS LITERALLY ABOUT A PHASE THAT WE NEED TO GO THROUGH TO COME OUT THE OTHER END, AND BE COMPLETELY REBORN. So, we don't need to be afraid or scared or concerned in THAT way.

WE DO NEED TO TAKE PRECAUTIONS. WE NEED TO BE SAFE AND WE NEED TO REALIZE THAT THE OFFICIAL MEDIA WILL NOT BE TELLING US THE TRUTH. SO, I SAY AGAIN TO EVERYBODY, FORM GROUPS, KEEP IN TOUCH. If you have a citizen band (CB) radio, use that because they can't jam that, and try and keep in touch with everyone and be safe.

HOLD ON TO WHAT YOU BELIEVE IN. JUST BECAUSE SOMEONE IS SAYING SOMETHING ON THE NEWS DOES NOT MEAN THAT'S TRUE. I do NOT want to end saying the end of the world is nigh, because I don't believe it. I don't want that message to be the energy message here because it's actually a positive message. You and I and others know that WE ACTUALLY HAVE TO GO THROUGH SOME PAIN TO COME OUT THE OTHER END."

Kerry: Absolutely. Thank you so much Simon. I have a number of questions. As Project Camelot; we were given some information in advance by other insiders. We were told that their deadline is coming up and the end of 2016 was to do the financial reset. We were told this many years ago. And 2017. I think they are not on schedule and they don't know how to do the reset between now there's the election. There is something about getting it done in 2016. And, 2017 is a whole other ball game that may involve manufactured man-made earth changes.

What they really want is to begin Armageddon, according to Leo Zagami's whistleblowing all those years ago. I think Putin is behind the scenes stopping that. We have a lot of information that Italy was hit by a tectonic weapon because it wasn't on board with sending troops into Syria and getting the whole thing escalated.

Simon: Everything you said, I agree with. You obtain different insider sources than me, but they are coming from perhaps the same place. It's accurate. I would just add that it was absolutely a targeted energy attack 150 miles south of Rome in Italy that produced the earthquake and it was also a testing to get the right type of quake to see if you can produce an earthquake that doesn't trip everything and just has a limited damaged area. It caused damage but not excessive damage. This is very hard to maneuver with Mother Nature. I still think there is a chance **THEY MAY ATTEMPT TO TARGET THE SAN ANDREAS FAULT IN CALIFORNIA IF THEY DON'T GET THEIR OWN WAY EVERYWHERE ELSE.**

We cannot talk about this without talking about the Kurdistan Jews. As A Jewish person myself, I have always made a distinction between being a Jew and being a Zionist. I wish more commentators would actually understand the difference.

THERE ARE A GROUP OF THESE PEOPLE THAT ARE HELL-BENT LITERALLY, ON FULFILLING THEIR PROPHECY. THESE PEOPLE HAVE HAD GREAT INFLUENCE IN 9-11, THE SITUATION WITH MARS, THE ROYAL FAMILY IN ENGLAND ... many, many things. WHEREVER THERE'S AN ISSUE, GENERALLY SPEAKING, WE WOULD FIND THIS GROUP. THERE IS NO EXCEPTION HERE.

The history between Germany and the Jews is far more complicated than any regular historian most understand.

I refer to Angela Merkel as the Archduke. In the first WW, the Archduke was murdered and it started the ball rolling. As soon as Angela Merkel refused to play ball with what this small group of negative very influential Americans wanted; when she stood up to them = that put her life even more on the line. I think it's a botched job in the motorcade. In a situation where someone tries to kill a high-ranking politician, your viewers already know the cameras are not allowed to see anything. But, we have seen pictures of a man in handcuffs. That was deliberate. The German authorities were showing that people behind this man and those that would copy his actions - this is what would happen. Normally, you would have a blank camera.

So, on German television, they showed the 4x4 and this man with handcuffs on. They did that as a sign, 'we got him, and you try it again; we will obviously take it further'. So, that was power politics using the media that didn't understand it was being used.

So, it will always be Germany because Germany geographically is the center of Europe. When we had the cold war, we expected the Russian tanks to come through Germany. Also, Germany is a very powerful economy. If you can destroy the German economy, you really knock Europe back.

These negative people have been successful twice creating wars in Germany, so why wouldn't they go for a third time?

K: Could you perhaps address the Armageddon/Syria and the Turkey situation?

S: There have been a number of countries including Canada who have been edging back from the cliff; trying to disassociate themselves with the policies coming out of the U.S. This does not refer to all the decent, American people who live in the states. I am talking about these few powerful people who are making these horrendous judgments.

Basically, you look at ISIS and all these so-called terrorist groups that have been funded through the same oil, through Saudi Arabia and other countries. If you are going to start world war; the days of starting it off in one go won't work because people are media savvy.

People now are more prone to a gentle build-up. They'll accept it more. So, by looking at countries that don't immediately affect the economy such as Turkey, **YOU CAN CREATE THE MINDSET THAT THE WORLD IS A VERY UNSAFE PLACE AND WARS CAN BREAK OUT ANYWHERE. SO, THEREFORE, PEOPLE WILL BUY INTO THE CONCEPT THAT IT WAS GOING TO HAPPEN ANYWAY. IT WAS NATURAL AND THE WORLD WAS READY TO GO UP IN A TINDERBOX. THIS IS A FORM OF MIND CONTROL; A GAME - TO**

DEVELOP A PROBLEM WHERE YOU TAKE THE PEOPLE WITH YOU.

So, yes, Turkey was chosen because it is an incredibly important country; part Christian and western, and the half that is Moslem is not. It's used as a buffer to keep out the ideas and energies of the eastern world, shall we say. If that buffer was to go; there are lots of things that people in the west would find out – secrets that would filter through.

So, it was a 2-pronged approach: 1: To slap their president and parliament on the head, and 2. To create an unstable situation that would have more of an effect on Saudi Arabia and oil prices ... So, it's about oil still.

K: We have this unexpected recent announcement from Obama to the people in the U.S. It does portend that they would want to make a move before the election rather than after the election. I had actually been told that Hillary's clone was already done and ready to go. It's interesting she is having such pronounced health issues. I am an earth sensitive and I know they are activating HAARP again. There is an escalation I am feeling here in the U.S. How does that relate to Obama announced recently to store what's happening in Germany to us? I am also looking at the autumn equinox as a time they may select.

S: You are right. There is a clone already to go., but what it doesn't have is a soul. HOW THEY'VE SOLD IT TO HILLARY IS THAT SHE IS NOT CAPABLE NOW OF RUNNING AS PRESIDENT. WHAT SHE SHOULD DO IS HAVE A CLONE WITH HER SOUL IN IT WHO COULD GO OUT AND DO THE MEETINGS, AND IN THE EVENING WHEN SHE WANTS TO SIT BY THE FIRE, SHE CAN HAVE HER SOUL BACK. HILLARY CLINTON IS MANY THINGS BUT SHE IS NOT STUPID. SHE KNOWS THAT ONCE SHE DOES THAT, SHE WILL BE FINISHED AND THE REAL CLINTON WILL BE BURNED AND DESTROYED. AND THE CLONE WILL BE ACTIVATED FOR ALL INTENTS AND PURPOSES. SO, I TOTALLY AGREE WITH YOU. THE CLONE IS ALREADY UP AND RUNNING BUT IT DOES NOT YET CONTAIN HER SOUL. THAT'S FOR

CLARITY.

President OBAMA WANTS THE COLLAPSE TO OCCUR AFTER THE ELECTION. BUT THE PEOPLE WHO ARE REALLY RUNNING THE SHOW WANT IT BEFORE THE ELECTION. THIS IS WHAT IS CAUSING OBAMA GREAT PANIC - IN TRYING TO FIND WAYS OF STOPPING THE ELECTION OR HOLDING IT UP.

OBAMA HAS BEEN LIED TO. HIS DEAL WAS THAT HE WOULD FINISH HIS TERM OF OFFICE, BE THE FIRST BLACK PRESIDENT, AND EVERYTHING WOULD BE WONDERFUL. AND, WHEN IT ALL WENT WRONG, IT WASN'T ANYTHING TO DO WITH HIM.

THESE PEOPLE CAN'T WAIT...BECAUSE OF THE TIMELINES. We are on the same timeline, but we are on a different portion of that timeline and they want to push it earlier.

Like many people, I said October 2016 is a key date. I am looking wrong. It looks like it is earlier. IT LOOKS LIKE 4 WEEKS OUT. ALTHOUGH I HAVE ALWAYS SAID OCTOBER, IT COULD BE SEPTEMBER.

So, Obama wants this AFTER his presidency, but the people pulling the strings want it before his presidency.

THE ANNOUNCEMENT OF HAVING WATER AND FOOD FOR 3 WEEKS IS NOT ABOUT A WAR THAT WILL WIPE OUT AMERICA. IT IS TO DO WITH DISRUPTION OF THE SUPPLY SYSTEM.

I DO PREDICT AN ATTACK IN MY COUNTRY, BRITAIN, AND IN THE UNITED STATES. IT'S A "FALSE FLAG" ATTACK. I DON'T SEE A DISRUPTIVE BOMB IN BRITAIN. I SEE IT KNOCKING OUT ALL OF THE FINANCIAL SECTOR; THE CITY OF LONDON. It's a city within the city, the golden mile where the stock bond and shares exist. IF THIS WAS TAKEN OUT, IT WOULD HAVE A HUGE AFFECT PREDOMINENTLY ACROSS THE WESTERN WORLD. SO, I GENUINELY SEE A HIGH PROBABILITY TO KNOCK OUT THE ECONOMIC BACKBONE OF THE WESTERN WORLD AND NO BETTER

WAY THAN TAKING OUT THE CITY OF LONDON.

NOW, IF YOU COULD COMBINE THAT WITH SOME FORM OF PHYSICAL ATTACK IN THE UNITED STATES OF AMERICA, YOU HAVE ALL THE REASON YOU NEED TO ORDER MARTIAL LAW AND TO BRING THE TROOPS ON THE STREET. TO GIVE EVERYBODY IN THE UNITED STATES WHO WEARS A UNIFORM, no matter what that uniform is to give them power of a police officer. You'll have A 3-DAY SITUATION where their system will work and they will knock on people's doors that they don't like and put them in FEMA camps. After the 3rd day, that will break down, and whatever system they are trying to run will not work.

Again, I don't want this as a fear-based interview because you and I both know Kerry passionately, that we are all going to come through this. The point is, I WANT PEOPLE TO BE AWARE SO WHEN THEY SEE THIS HAPPENING, THEY DON'T GO INTO PANIC MODE. They will say, 'oh yes, I was listening or reading about this, and I now know what I need to do.'

Great Britain, North America and Germany are the 3 key countries. Russia is key but Russia is absolutely doing nothing. It's keeping out of it.

K: But these guys fund both sides in a war.

S: Yes

K: So are they going to attack as a cosmetic attack, like the removal of a great deal of money under the distraction of Sandy Hook to Colorado.

S: Well, when the Twin Towers came down, there was a huge amount of gold that was being shipped through the underground passageways. It was used as a cover. I know you know what most people don't. There is a difference now. There is no money left in the world. There is no real wealth left. That which was left is either owned by China, George Sorros, the Rothschilds and one or two other

people. So what you can do is put out a situation that the value of a company drops by 60-70%, although it's valueless, and then you can come in and buy it and make your money. That's what they have always done with these recessions. The difference is they are not attacking themselves. What they are saying is: the system that we have created – we are now in uncharted waters. I'm talking to the Rothschilds - FOR THE FIRST TIME IN THEIR OWN HISTORY-THEY DON'T KNOW WHAT'S AROUND THE CORNER. ALL THEY KNOW IS THAT THEY SUCKED OUT SO MUCH WEALTH, THERE'S VERY LITTLE LEFT FOR THEM. SO, THEY ARE QUITE HAPPY FOR IT TO FALL TO PIECES AND GO IN AND BUY IT ALL OUT. SO, IT IS NOT A SECRET STRATEGY. IT'S NOT A COVER LIKE BEFORE - TO MOVE GOLD TO MARS, OR SOMEWHERE ELSE. THAT'S GONE.

ALL THE U.S. HAS IS A GREAT QUANTITY OF SILVER. The great quantity of gold is in China. So, it's not about a false cover. It's actually about wiping everything away and re-starting up again. There is nothing worth saving from their perspective economically. The Deutsche bank owes so much money; it's a pinprick away from completely going, THAT'S HOW CLOSE IT IS.

WHAT MANY PEOPLE DON'T UNDERSTAND ABOUT BANKS IS BECAUSE THEY SEE IT DURING THE DAY. WHEN A BANK CLOSSES, IT DOES IT'S REAL BUSINESS. FROM MIDNIGHT TO 5:00 OR 6:00 IN THE MORNING IS WHEN IT DOES ALL IT'S TRADING; MONEY THAT THEY REALLY MAKE. DEUTSCHE BANK EACH TIME THEY TRADE NOW, IS JUST A FEW HUNDRED THOUSAND DOLLARS SHORT OF GOING BROKE - EACH TIME THEY TRADE DURING THESE CLOSED HOURS.

I PREDICT: THAT WHEN ONE BANK GOES, IT WILL BE 4-6 TIMES WORSE THAN WHEN LEHMAN BROTHERS FELL! WE CAN THEN UNDERSTAND A LARGE HYPER-MARKET THAT ORDERS IT'S SHARE ELECTRONICALLY AND IN THE MORNING; THERE IS NO ELECTRONIC WAY FOR THE PEOPLE TO ORDER ANYTHING. THAT'S WHY THE GOVERNMENT IS SAYING, 'WE THINK YOU WILL NEED 2 WEEKS OF FOOD AND WATER' BECAUSE THEY THINK IT WILL

TAKE THEM TWO WEEKS TO GET THE SYSTEM BACK RUNNING.

I want to talk about my country, the UK. You can hold up to 75,000 pounds and the bank has made it quite clear that if an emergency arises, it will take your money. But, in 21 days, they will give it back to you. If you have more than 75,000 pounds, they won't give it back. This is robbery. TAKE YOUR MONEY OUT OF THE BANK. One minute to midnight, everyone's bank will be emptied electronically. IT'S AN OFFICIAL POLICY, BUT PEOPLE ARE SO PROGRAMMED AS LONG AS THEY CAN GET MONEY OUT, THEY THINK IT WON'T HAPPEN. THERE'S A FALL BACK POSITION TO NOT GIVE PEOPLE BACK ALL THEIR MONEY IF THEY NEED IT. Do you have something like that in the U.S. Kerry?

K: Yes, you are federally insured up to a certain limit, but they can play with rules anyway. Of course, there is no guarantee they will give money back to you in the UK - right?

Greece may be a perfect example. FDIC may be very suspicious anyway, being part of the Feds, a privately owned corporation...as most deep researchers know.

In terms of Britain and this set up along the Russian border. China is also notifying it's people. In the south China Sea, there's threats between US and China - something is going on. China is supposed to get pulled into the Syrian situation.

S: China is the big problem for the states because 1/3 of the world's gold is held by China banks. You also have two sides of the coin working. China, America and Russian ships are working together to blockade some of the gold coming out of the south sea mines of the Rothschilds. China did a deal with the banking system of America that if they were to move across to a silver standard and give up some of their individuals, they would be given the codes to be part of the new world banking system. There was a very high level meeting to debate this offer. The executive agreed with it along with many of the top families of the world. The International Monetary Fund, run by a very able woman turned around and said, 'yeah, we are going to work with

the Chinese'. The politicians and some of the crazies are hell-bent on escalation to save themselves and the others knowing that they are looking down a financial hole. We are not viewing a coordinated strategy. It's hard to differentiate.

The US navy is probably the most sensible and independent arm of the forces. The Navy's offices were targeted and got blown up on purpose in the Pentagon because they have always been independent and care about their grandchildren and the earth.

K: People are calling in with questions: Where is the gold held?

S: People of the world think it's held in Fort Knox. There is nothing in Fort Knox. It was in Hong Kong Shanghai bank actually. It's not there now. It's most likely been taken to Mars. That's a whole news story.

China asked for payment in gold. The gold was delivered apparently. What happens is shipments are done by weight and numbers. You load it onto a truck, check the weight and that's all. The Chinese had a tip-off and drilled into the bullion. It was 24-carat gold plate with Tungsten bars underneath. Tungsten has the same specific gravity as gold so it will come up as the same weight.

Mer (I believe it was David Wilcock who first broke that news).

So the Chinese said, 'okay you have no gold to pay us – we'll have real estate. That's why so many American ports and toll bridges are owned by the Chinese ... and Boston Harbor. Real Estate is all America had to give. Useless paper dollars are no good to them. They wanted tangible assets. The port taxes and bridge tolls all go to China now. That's when China knew it could really begin to put the squeeze on.

China has reached a point that it is polluting its country to such an extent, that in the next 5 years, it will no longer expand. India will be the next China. Chinese are looking at materials that make circuit boards- to stockpile of key elements, platinum, uranium for high end electronics. The Secret Space Program uses combos of minerals also

that are not quite as good as the off-planet minerals we can find on asteroids and other places; but passable. Organizations within organizations are trying to protect their own empire.

For instance, Americans say, we have to have a fleet the SSP is an asset. So, will it become a special police force of its own or what? Many questions are being asked.

K: WHAT WOULD YOU RECOMMEND IN TERMS OF ANYBODY KEEPING THEIR MONEY IN BANKS NOW?

S: What I will say is that I am not personally investing in any banks at the moment. I AM AWARE THAT MONEY IN THE BANK CAN BE TAKEN TOMORROW. THERE IS NO SAFE PLACE IN THE SYSTEM TO PUT MONEY NOW. SILVER AND PLATINUM IS QUITE GOOD. YOU CAN'T GO TO A LOCAL STORE TO BUY FOOD WITH SILVER HOWEVER.

YOU ARE BETTER OFF INVESTING IN FOOD AND WATER AND SOMETHING TANGIBLE. HURRY UP AND BUY YOUR HOUSE BECAUSE THAT CAN'T BE TAKEN FROM YOU.

K: WHAT SHOULD PEOPLE DO?

S: In Iceland, they overthrew their own government - went into the parliament building and physically threw their lawmakers on the street and 3 bankers were jailed. It was bloodless. You don't need a revolution. Leave that to the military. The military has absolutely no intention of their children being treated badly in the future. There will always be some that do whatever they are told. The vast majority of military will not do it. They will turn on their own government. Citizens need to say, 'I am not doing that. That is illegal', and that push back will trigger a bigger sense of conscience on the part of the police. I am not advocating violence.

Also, have someone in your neighborhood group that knows medicine; a doctor or nurse would be useful.

K: People who want to leave the U.S. - where should they go?

S: Russia - that surprises everyone no doubt. The American government created a recession by altering the oil prices. Russia has the greatest growth of any country in the world. Russia has paid almost all it's debt off. Wages and pensions have gone up and the standard of living has gone up there. Then of course, America attacked Russia by bringing the oil prices down. That was a half joke. No matter where you go, you will be impacted. Think about saying, "I love wherever I live". I wouldn't want to be on a flood plane. You might want to be where your family is – all together".

REMEMBER- IT'S BEST WITH OUR CONSCIOUSNESS TO SAY, I DON'T THINK THE WORSE WILL HAPPEN. IT WILL BE A SMALL PROBLEM THAT BY WORKING TOGETHER, WE CAN GET OVER. OUR CONSCIOUSNESS WILL FORCE GOOD ENERGY IN.

K: Someone is asking about ancient sites.

S: We can talk about the situation of the past on Lemuria and Atlantis and how the arrogance and the drive for corrupt power and technology caused supposedly very great nations to destroy themselves...but never the less, led to the Agarthan 'Hollow Earth' movement. And how because of these ancient cataclysms that occurred; it's imprinted in our psyche]- of tidal waves and water coming across.

We've got several situations. We have the potential of the Planet X/ Nibiru causing some type of tidal disturbance. We have the potential of some neutron-type bomb being detonated off the Canary Isles which would cause a man-made tidal wave . Many, many cultures have had the 'remote viewing' capability; not just 20th and 21st century people. Back in the old days, it was shared by non-elite people who have divined many timelines where they see cataclysmic ends. So, the best way to warn future people is to leave some form of marker, carving, or statue near the ocean. This is perhaps to say to the ocean, 'please don't do this again,' or perhaps to say, 'People, this is a way marker because this is a point that is dangerous'. I am aware

of those markers and there are many more which the authorities have destroyed and removed.

K: Yes. Do you think there will be an 'alien invasion' if the war starts. We already have an alien invasion, but most people don't know that. -- but go ahead Simon.

S: I've been quite careful with the Planet X information; simply because there is an arm of the elite that would like to use the potential of Nibiru as a 'false flag.' In other words, to say, 'This is an alien invasion, and we need martial law'. I've always said to people, 'if you are being encouraged to see something, it must be fake.' If you've been told, 'there is nothing there, don't waste your time, move along please – then it's obviously real'. This is because the authorities only want to show you what they want to show you. So, if they tell you to go by telescopes so you can see it, it's because they want you to see it and manipulate the story around it.

False flag alien invasion-yes-still very much in the cards. For the last four years, I have warned that the American elite have first generation black triangle flying craft given to them by the 'Gray' aliens. They've back engineered that. They have little Gray aliens with no souls in them that are robotic. They have already shot footage of supposed firefights between plasma weapon armed Grays and Navy Seals, which would be shown on Fox News and CNN, as proof of the brave boys in the U.S. fighting the aliens.

So don't think that 2001 Space Odyssey movie was the only attempt to create moon landings. This is just one card in a hand of cards that these people play. The difficulty is – and you said it earlier today Kerry quite succinctly – that their time to create all this for their own agenda is so narrow now. The end of 2016 is when they have to play their final cards. By 2017, there will be no more cards for them to play. So, whatever they lay on the table by 2017, that's what they are playing for.

At the moment, they are still passing cards to each other, because they only have one or two. So that's how I try to describe the situation

they are in.

K: Yes, I think that is quite accurate. Some caller wants to know during these challenging times, what's the best attitude to maintain?

S: That's a lovely question. It really is a nice one to have. STRENGTH, DETERMINATION and CONFIDENCE. Confidence that we didn't just all come here to die. We didn't all come here on this planet to say, 'okay, that's it – off we go'. WE CAME HERE TO EVOLVE. WE CAME HERE TO GO FORWARD, AND WE CAME HERE TO CREATE LIFE; whatever that might be. That's what we came here for.

JUST BECAUSE A FEW MAD, CRAZY PEOPLE WANT TO DO SOMETHING DOESN'T MEAN IT HAS TO HAPPEN. IF THE VAST MAJORITY OF THE HUMAN RACE WAKE UP AND SAY, 'YOU CAN'T DO THAT IN MY NAME' -THEN, IT WILL NOT HAPPEN.

SO, WHAT I NEED PEOPLE TO DO PERSONALLY AND I DO THAT WITH MY 'CONNECTING CONSCIOUSNESS' GROUPS – FORM GROUPS & EXCHANGE PHONE NUMBERS AND EMAILS. MEET REGULARLY – BOTH PHYSICALLY AND ONLINE. IF THE SYSTEM COMES DOWN - TRY TO ALREADY HAVE CB RADIOS AND BE IN TOUCH; AND IF YOU CAN'T BE IN TOUCH – GO THROUGH IT IN YOUR MIND OF 'HOW YOU ARE GOING TO BE STRONG?' IF YOU HAVE FOOD AND WATER, STAY INDOORS. IF YOU HAVE PETS, HAVE FOOD FOR THEM. ALL YOU HAVE TO SAY IS, 'THIS WILL WORK IT'S WAY OUT. WE HAVE TO HAVE THIS TO COME OUT STRONGER ON THE OTHER END.'

AND IF YOU ARE TOLD TO GO TO A MEETING STATION TO BE INNOCULATED - DON'T GO!!! DON'T HAVE INNOCULATIONS. THERE IS NO REASON FOR THAT. THEY ARE NEGATIVE. SAY, 'YOU CAN NOT DO THAT IN MY NAME - IT WILL NOT HAPPEN.'" IF THEY WANT YOU TO GO TO A 'SAFE PLACE', DO NOT DO IT. YOU WILL END UP IN A FEMA CAMP.

STAY STRONG. MOST OF WHAT YOU ARE GOING TO HEAR ON

YOUR MAIN CHANNELS ARE SIMPLY TO LIE TO YOU.

K: They are flooding Europe with refugees and this seems to be an end game move and factors into the Angela Merkel situation. She lowered the bar so that more refugees could flood into Germany - didn't she?

S: Yes she did. Over a million people came that don't look the same, speak the same, or dress the same. That's part of destabilizing. In the second World War, Nazi Germany dropped as many bombs on the city of London in Great Britain as they could; thinking that they could break the spirit of London. They never did. The reason was that on every street, somebody knew somebody. Everybody got together at night. They all played cards together, made tea or coffee – sang ... they did all that.

If I bring in a million people that don't eat the same way, speak the same way etc.; and something happens – there isn't that cohesion to create the strength of society. The whole point of bringing these refugees in is, when the super markets close, when there are no more social security handouts – you will have one million angry men who don't speak the language going on a rampage. It destabilizes the country. It keeps the police busy. It keeps the army busy. It totally leaves you at the control of elite people outside. That's the whole reason for flooding you with refugees. Let me make this clear. These people are victims. I do not have anything against these migrants. The migrants were lied to and promised food and jobs when they got here. They thought life would be better. It is a cruel lie. The refugees were used as political pawns to put pressure on governments. To finish your question Kerry of 'why did Angela Merkel agree to it?'

I said in one of my first alerts, the elite turned against Angela Merkel, because Angela Merkel had played the game, done everything they wanted, brought in the refugees, and then she realized she was signing her own death warrant. Let's be blunt about it. She was going to destroy the country and she would have nothing to be chancellor of. So, she started back tracking because she saw she had no control over her country. American tanks are active in Germany. Nobody

asked her permission. It's like the nuclear submarines that are 'Great Britain' but we can't fire them. The only one that can fire them is America.

SO, NO SOVEREIGN COUNTRY ACTUALLY HAS A SOVEREIGN GOVERNMENT. SO, NOW, individual governments are beginning to say, 'I don't want this'. It will be Angela Merkel who is surrounded by mobs of angry German people that will hold her to account. It won't be someone in America. These European leaders are realizing they better do something quickly. So, that's what is playing out now.

K: There is also an aspect that this is an Illuminati ploy to create a One World Police force starting with Europe. They create chaos and then they want to bring order out of chaos so they say, oh by the way we need to have a police force to keep order in these countries. Of course, everyone knows that this financial reset and all of it is aimed at getting this One World Government agenda in place.

S: You are accurate. The only problem they underestimated was that they would have to bring in people who didn't speak the language of the country they were policing. That's why you have actually large numbers of people from the old Yugoslavia. Very few Americans would undertake the type of orders that they would be given. There are a large number of people now from the Eastern European block that are now in NATO uniform. It can't work because they will not have enough people. Think of all your countries. It is a plan that they've had for twenty years, at least to my knowledge. They don't have the manpower. So, that can't work. It might work in one or two countries. Having a one European police force; people will be so untrusting by that time of their leaders – that it can't work. The ability of world leaders to engage with their public is reaching zero anyway. Like wiping out 75% of the world population; it was one of their plans that was on the table and disappeared and came back again. Both of them actually recently came back on the table, to my knowledge. They're back on the table because they can't find anything else. It's not so much that that's what they are going to try to do - it's more that they have just come back full circle.

K: One of my insiders said before Brexit happened - that there was a plan to separate from the city of London totally. That appeared to happen - they are isolated.

S: 75-95% of the world's elite all wanted Great Britain to stay within the European Union. All believed the voters of Great Britain would keep the country in Europe, and it would be steady as she goes. A handful of people at the very top of the pyramid decided as part of the destabilizing plan –that they would make sure Britain voted to leave; the Brexit. It doesn't mean that they altered the counting machines or ballot papers. What actually happened was night after night after night; they insured that their friends in media ran images of non-European people, desperately hungry pushing through borders, rioting and fighting. If people are so media savvy, you have to ask yourself, why would they show these images in Great Britain on major national television and major newspapers every day of the week. That's because they knew every time they did that; that was another vote to leave.

Your informant is absolutely correct. The plan was that Britain would leave Europe but the City of London would be floated away. It's already like Capital Hill in your country and the Vatican – like a separate entity. That would be separate and therefore could carry on the trade... But, actually, it would be separate form the government of England and therefore would become it's own entity and very much more powerful. It wouldn't have to pay homage to anybody.

That was literally put forward by the new mayor of London. He had only been in office a few days, and he then just came out with this nonsense... 'Oh, well the City of London could be separate'It was on the table and they looked into the possibility of it...if you are going to be knocked out anyway, what difference does it make? If someone is going to come and curtail your business; it doesn't matter if you are going to be part of the country or separate; you would cease to exist. And, because there is a very serious plan to make the City of London to temporarily cease to exist – that's dropped off the table because that is not their big concern now. The big concern for them

now is just survival.

Your information is accurate but what is accurate one minute to midnight is not necessarily accurate the following day.

K: What about Snowden?

S: Let's talk about the number of very good people who have left the planet recently. Many have been murdered even though many of them looked as though they have committed suicide or drug overdose. In most cases, they were removed because they were a threat. There have been some very lovely people who have gone. It's a great shame that black magicians have been very active at targeting good people. It's because it's the end game; not the end of the world. I think these people are full of malice, full of anger and they are just striking out now at people they have come into contact with and for whatever reason, they really dislike. I won't name any names. Many wonderful, beautiful people have left before their time, simply because those people took a dislike to them. People like Julian Assange who have spoken out, and websites have been attacked simply because someone is just angry. It's not about justice. I need to explain this. These black magicians (that Illuminati use) are sick in the head and they will just attack somebody for no apparent reason, other than they just feel slighted by them.

I get very cross with certain aspects on a particular website which I won't mention but you have contact with Kerry – where somebody dies and that many people come out and say, 'this person was a druggie' or what have you. Did they ever meet that person?

I would just say to people: There is a war going on in the unseen world - in the air and in the ether between the forces of good and the forces of not-so-good. I would like to say to these people, rather than writing about their negative opinions, why don't you go do something positive for the forces of good; like donate to Kerry's site, or help David Icke. Do something positive. Do something to help the planet because ever little bit helps.

I NEED EVERYBODY WHO BELIEVES IN TRUTH AND JUSTICE, NOT TO JUST SIT IN THEIR ARMCHAIR AND MOAN AND GROWN. DO SOMETHING POSITIVE, NO MATTER HOW SMALL.

K: Absolutely. I love London and it's a very international city. This possible attack - do you have any advice for people traveling to and from London?

S: What I could say to people is clear. If you are traveling over that period of time, you will be disrupted. There is no question about that. You will have your passport checked many times ...

K: Sorry everyone. We just lost contact with Simon.

S: That's very useful. We just had the police at the door. That's okay. They just wanted to know if everything was all right. (Kerry and Simon chuckle).

S: That's unbelievable. Everything is all right so we will just carry on then. They just don't like the truth to continue; typical. Kerry- planes are not going to drop out of the sky. That's not what's going to happen.

WHAT IS GOING TO HAPPEN IS THAT THERE WILL BE A LOCK DOWN. IT WILL BE VERY HARD FOR A FEW DAYS TO OBTAIN THE BASIC STAPLES OF LIFE. I SUGGEST THAT PEOPLE DO NOT TRAVEL IN OCTOBER. I PERSONALLY WOULDN'T DO IT. IT COULD BE EARLIER THAN THAT.

WATCH THE SILVER AND GOLD PRICE. IF YOU SEE A SUDDEN SPIKE, YOU HAVE GOT SOMEWHERE BETWEEN 12-24 HOURS BEFORE SOMETHING HAPPENS BY THE ELITE. There is money killing to be made and people will be involved in that. Remember, when the Twin Towers came down, United Airline shares changed dramatically some 12 hrs. before hand.

S: I need to go now because the situation downstairs is somewhat interesting. Please don't have any concern for me. The police are

outside the house and nothing bad is going to happen. The fact that they turned up says, 'we are making an impact.' God bless to you and all your listeners and viewers.

K: Thank you so much Simon for coming onto the show and putting yourself out this way. We have 1500 LIVE viewers. That's got to be a record on YouTube. ... Stay positive & thank you so much.
